SPAWAR Systems Center San Diego Awards Contract

SAN DIEGO — The Titan Systems Corporation of San Diego, Calif., is being awarded a \$3,668,583 cost plus fixed-fee, indefinite delivery-indefinite quantity contract for software engineering services, systems engineering, and technical and management support of Information Assurance and Radio Frequency engineering systems and programs. This contract is one of three contracts awarded; all three awardees will compete for task orders during the ordering period. This one-year contract includes three one-year options, which, if exercised, would bring the potential cumulative value of this contract to \$15,128,307. All work will be performed in San Diego, Calif. The period of performance of the base contract is from February 27, 2004 through February 26, 2005. If all options are exercised work will continue through February 2008. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured via the SPAWAR e-Commerce web site and three offers were received. The Space and Naval Warfare Systems Center San Diego, Calif. is the contracting activity (N66001-04-D-0023).
