Space and Naval Warfare Systems Center Awards Contract

CHARLESTON, S.C. — BAE Systems Applied Technologies, Inc., Rockville, MD, is being awarded a \$6,616,995.00 Indefinite-Delivery-Indefinite-Quantity, Time and Material, multiple award type contract for engineering and technical support services and material to support the Command, Communications, Computer, and Intelligence (C4I) Systems for Amphibious Warfare Programs. This contract will provide engineering and technical services which include Support of Program Management, Systems Engineering, Material Management, Configuration Management, Logistics Support, Production (including the operation of a Turnkey Integration Facility, Shipboard Installation, Shipyard Support, Training, and participation in the Integrated Product and Process Development established processes and guidelines. All work will be performed at contractor facilities, government facilities, and/or onboard ship. The award is for one year with three one-year options, which if exercised would bring the cumulative value of this contract to \$30,451,712. Work will be performed in Charleston, SC (89%); New Orleans, LA (8%); Bath, ME (3 %), and is expected to be completed by 12 FEB 2005, if all options are exercised. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured via the Space and Naval Warfare Systems Center E-commerce web site and via the Commerce Business Daily and two offers were received. This is a multiple award and the contractors will compete for every task order. The SPAWAR Systems Center Charleston is the contracting activity (N65236-01-D-3709).
