Space and Naval Warfare Systems Command Awards Contract

SAN DIEGO — Raytheon Technical Services Company of Indianapolis, IN, is being awarded a \$4,556,053 cost-plus-fixed-fee contract for Engineering Services in Support of Navy's Environmental Satellite Receiver Processor (AN/SMQ11 and AN/FMQ17) for SPAWAR PMW 155, METOC Systems Program Office. The contractor will be responsible for maintaining all design documentation and source code, all upgrades, receive and process satellite data, accommodate sensor and format changes, and execute engineering, industrial, logistics, manufacturing and operational support services related to SN/SMQ11 and AN/SMQ17 systems. Work will be performed at contractor's facility in Indianapolis, IN and is expected to be completed by 30 September 2006. The period of performance for the base period is from 2 November 2001 through 30 September 2002. The contract contains four one-year options, if exercised, will bring the total cumulative value of the contract to \$32,226,226. The contract will initially be incrementally funded with Other Procurement (OPN) funding in the amount of \$150,000. Contract funds will not expire at the end of the current fiscal year. O&MN (26%), RDT&E (10%), and OPN (64%) funding will be utilized throughout the contract's period of performance. This contract is a sole source announced on 25 June 2001 via the Commerce Business Daily. The Space and Naval Warfare Systems Command, San Diego is the contracting activity (N00039-02-C-0003).
