GSA Awards SPAWAR Task Order to SAIC

SAN DIEGO — Science Applications International Corporation (SAIC) of McLean, Virginia, has been awarded a Cost Plus Fixed Fee task order for \$114,181,522 under the U.S. General Services Administration's Federal Technology Service, Multiple Award Indefinite Quantity Millennia contract. This Task Order will provide Information Technology Support Services to the Space and Naval Warfare Systems Command. Work to be performed includes systems architecture, systems engineering, system design, configuration control, pre-installation and post-installation testing, systems integration, information security, and engineering support for acquisition in all SPAWAR business areas including C4ISR, Information Technology, Targeting, and Information Operations and Information Warfare. SAIC and its team members will provide key Horizontal Integration engineering support across all SPAWAR program areas. This contract includes options, which, if exercised, would bring the cumulative value of this contract to \$596,610,044. Work will be primarily performed in San Diego, California, in support of SPAWAR Headquarters and SPAWAR Systems Centers. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured via the U.S. General Services Administration's Federal Technology Service, Federal Systems Integration and Management Center (FEDSIM), under Task Order T0002AJM032, awarded under Contract GS00T99ALD0210.

For more information, contact:

Cathy Boyer, Contract Specialist, U.S. General Services Administration, 6354 Walker Lane, Suite 200, Alexandria, VA 22310, (703) 306-7597

Industry point of contact: Mr. Frank Bennett, Contracts Manager, Science Applications International Corporation, 1710 SAIC Drive, MS 2-4-6, McLean, VA 22102

Space & Naval Warfare Systems Command Public Affairs Office and Corporate Communications Office, San Diego, Mr. Richard Williamson, 619-524-3432 or Ms. Gloria Ewing, 619-524-3433.
