Space & Naval Warfare Systems Center Awards Contract

CHARLESTON, S.C. — Autrometric Incorporated of Springfield, Va., and Intergraph Corporation of Huntsville, Ala., are being awarded a multiple award Indefinite Quantity, Indefinite Delivery, Cost-Plus-Fixed-Fee type contract for \$9,039,519 to provide engineering, services support for Joint Operations; Unmanned Aerial Vehicle (UAV) operations and training; Intelligence Surveillance and Reconnaissance systems; Multi-spectral exploitation and training; Remote Sensing; Imagery Analysis; Intelligence operations; Virtual Reality Systems; Signal exploitation; and surveillance activities support. Systems supported include but are not limited to Imagery Systems, Exploitation Systems, Display Systems, Information Warfare (IW)/Command and Control Warfare (C2W) Systems, Intelligence Systems, and Unmanned Aerial Vehicle Systems and Payloads. The primary focus will be for analysis, design, modeling, software/hardware development, integration, test/evaluation, training and the prototype/limited production efforts directed towards UAV systems and payload integration, intelligence visualization, intelligence dissemination and intelligence sensors and processing systems as required by Space and Naval Warfare Systems Center Charleston Code 70. This contract contains one base year and two one-year option periods which if exercised, will bring the total cumulative value of the contract to the estimated amount of \$28,429,491. The aggregate value of all orders placed to all awardees shall not exceed the Not To Exceed Estimate identified in the contract. The contract will initially be obligated with Navy Working Capital Fund non-expiring funds in the total amount of \$100,000 (\$50,000 per each contract). This contract was posted under full and open competition on the SPAWAR Business Opportunity Internet Home Page with two offers being received at closing time. The Space and Naval Warfare Systems Center Charleston is the contracting activity (N65236-99-D-7826 and N65236-99-D-7827).
