Space and Naval Warfare Systems Center Awards Contract

SAN DIEGO — Computer Systems Center, Inc., of Springfield, Virginia, is being awarded a \$12,491,346 cost-plus-fixed-fee completion contract for Cooperative Engagement Capability (CEC) modeling and systems integration support. SCI will provide platform specific engineering, technical and operational mission expertise for systems integration, technical studies and analyses with particular focus on CEC test and evaluation, CEC concept of operations, modeling and simulation and CEC interoperability with joint and allied C4ISR systems. This contract contains six options which, if exercised, will bring the total cumulative value of this contract to \$24,144,681. Work will be performed in Springfield, VA (75 percent) and San Diego, CA (25 percent). The period of performance is from November 1, 1999 through October 31, 2004, inclusive of options, if exercised. Contract funds in the amount of \$555,949 will expire at the end of the current fiscal year. This contract was a sole source contract. Space and Naval Warfare Systems Center, San Diego is the contracting activity (N66001-00-C-0010).
