Space and Naval Warfare Systems Center Charleston Awards Contract

CHARLESTON, S.C. — Eagan, McAllister Associates, Inc., Lexington Park, Md., is being awarded \$8,825,203 indefinite delivery, indefinite quantity, cost plus fixed fee type contract to provide engineering and technical support services to Space and Naval Warfare Systems Center, Charleston, S.C., for test and evaluation, systems engineering and integration, operational systems engineering support, systems acquisition support, logistics support, configuration management, research and development, and documentation support for various C4I systems, subsystems, and equipment including: Air Traffic Control, Radiation, Detection Indication, and Computation, Meteorological and Oceanographic Systems, Geospatial Information Systems, Navigation and Environmental Systems, Electromagnetic Environmental Effects, and Undersea Warfare. These activities support a variety of customers, including Space and Naval Warfare Systems Command (SPAWAR), U.S. Special Operations Command, Naval Sea Systems Command, Navy Modeling and Simulation Management Office, and other customers. This contract includes four one-year options, which, if exercised, would bring the cumulative value of the contract to \$48,830,519. Work will be performed in Charleston, S.C. (75%) and Tampa, Fla. (25%) and is expected to be completed by August 2004. If all options are exercised work will continue through August 2008. Contract funds in the amount of \$50,000 will not expire at the end of the current fiscal year. This contract was competitively procured under full and open competition. The Request for Proposal was posted on the SPAWAR Systems Center E-Commerce website and two offers were received. The Space and Naval Warfare Systems Center, Charleston, S.C. is the contracting activity (N65236-03-D-3830).
