TOP 10 NAICS (BY \$) AWARDED BY SPAWAR CORPORATE

FISCAL YEAR 2002

#	NAICS CODE	NAICS DESCRIPTION (North American Industry Classification System)	SMALL BUSINESS SIZE STANDARD
1	541330	Engineering Services: Application of physical laws and principles of engineering in the design, development, and utilization of machines, materials, instruments, structures, processes and systems. Activities may include provision of advice, preparation of feasibility studies, preparation of preliminary and final plans and designs, provision of technical services during the construction or installation phase, inspection and evaluation of engineering projects, and related services. <i>Examples:</i> Civil, Construction, Environmental, and Mechanical engineering services.	\$4 Million (General) \$23 Million (Military/aerospace/weapons) \$15.5 Million (Marine & Naval Architecture)
2	334290	Other Communications Equipment Manufacturing: Manufacturing communications equipment (except telephone apparatus, and radio and television broadcast, and wireless communications equipment). <i>Examples:</i> Manufacturing of fire detection and alarm systems, intercom systems and equipment, signals (e.g., highway, pedestrian, railway, traffic).	750 Employees
3	334220	Radio and Television Broadcasting and Wireless Communications Equipment Manufacturing: Manufacturing radio and television broadcast and wireless communications equipment. <i>Examples:</i> Manufacturing of transmitting and receiving antennas, cable television equipment, GPS equipment, pagers, cellular phones, mobile communications equipment, and radio and television studio and broadcasting equipment.	750 Employees
4	541710	Research & Development in the Physical, Engineering, & Life Sciences: Conducting research and experimental development in the physical, engineering, and life sciences, such as agriculture, electronics, environmental, biology, botany, biotechnology, computers, chemistry, food, fisheries, forests, geology, health, mathematics, medicine, oceanography, pharmacy, physics, veterinary, and other allied subjects.	500 Employees
5	541512	Computer Systems Design Services: Planning and designing computer systems that integrate computer hardware, software, and communication technologies. Hardware and software components of the system may be provided by the company as a part of integrated services, or may be provided by third parties or vendors. Often includes installation, training, and support of system users. <i>Examples:</i> Computer systems integration design consulting systems, and computer systems integration design services for information management, LAN, and office automation.	\$21 Million
6	541519	Other Computer Related Services: Providing computer related services (except custom programming, systems integration design, and facilities management services). Computer disaster recovery services or software installation services are included.	\$21 Million
7	513340 replaced by 517410	Satellite Telecommunications: Providing point-to-point telecommunications services to other establishments in the telecommunications and broadcasting industries by forwarding and receiving communications signals via a system of satellites or reselling satellite telecommunications.	\$12.5 Million
8	541511	Custom Computer Programming Services: Writing, modifying, testing, and supporting software to meet the needs of a particular customer.	\$21 Million
9	421430 replaced by 423430	Computer & Computer Peripheral Equipment & Software Merchant Wholesalers: Merchant wholesale distribution of computers, computer peripheral equipment, loaded computer boards, and/or computer software.	100 Employees
10	334511	Search, Detection, Navigation, Guidance, Aeronautical, and Nautical System and Instrument Manufacturing: Manufacturing of search, detection, navigation, guidance, aeronautical, and nautical systems and instruments. <i>Examples:</i> Aircraft instruments (except engine), flight recorders, navigational instruments and systems, radar systems and equipment, and sonar systems and equipment.	750 Employees
