Space and Naval Warfare Systems Center Awards Contract

SAN DIEGO — SAIC of San Diego is being awarded a one-year, \$35,066,765 indefinite delivery/indefinite quantity-type contract, with cost-plus-award-fee and cost-plus-fixed-fee pricing, to provide In-Service Engineering Agent (ISEA) services to support program management, engineering, technical requirements, integrated logistics support, fabrication, and non-integrated installation for C4I systems. This contract will support the areas of network communications, interior communications, and submarine communications involving 43 different ships (85%) and shore (15%) based systems. The majority of work (approx. 75%) will be performed within the San Diego area. The remainder of work (approx. 25%) will be performed at ship and shore locations worldwide. This contract includes four, one-year options which, if exercised, would bring the total cumulative value of the contract to \$173,965,841. The period of performance, if all options are exercised, is from October 26, 2001 through October 25, 2006. Contract funds in the amount of \$3,000,000 will not expire at the end of the current fiscal year. This contract was competitively procured, published in the Commerce Business Daily, and posted to the SPAWAR e-Commerce web site. One offer was received. The Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-02-D-5013).
