### **SPAWAR Systems Center San Diego Awards Contract**

SAN DIEGO — Science Applications International Corporation, Technology Services Corporation, of San Diego, Calif., is being awarded a \$14,240,487, cost-plus-fixed-fee, indefinite delivery, indefinite quantity contract for support of emerging navigation systems and technologies for Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) system technologies. This contract will include identification of requirements and program planning/execution necessary for implementation and evaluation of these emerging technologies. This is a three-year contract that includes two, one-year options which, if exercised, would bring the cumulative value of this contract to \$24,451,463. The period of performance of the base contract is from November 13, 2002 to November 12, 2005. Work will be performed at the contractor's site in San Diego, Calif., (86%), at the Government Joint Program Office in Los Angeles, Calif., (6%), and at SSC San Diego, Calif., (8%). Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured under solicitation number N66001-02-R-5021, through the Federal Business Opportunities web site and the SPAWAR e-Commerce Central web site. The Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-03-D-5010).
