SPAWAR Systems Center San Diego Awards Contract

SAN DIEGO — Alutiiq Security and Technology, LLC, of Anchorage, Alaska is being awarded a \$13,194,626 cost-plus-fixed-fee, indefinite delivery, indefinite quantity contract to provide the Space and Naval Warfare Systems Center, San Diego, Airspace Systems Division with technical and engineering services essential to the performance of in-service engineering agent and cognizant field activity responsibilities for command, control, communications, computers and intelligence (C4I) systems, guided missile weapons systems, homeland security systems, airspace systems, and combat weapons systems. The contractor will support branches within the Airspace Systems Division that provide technical and engineering expertise on electronic equipment/systems such as radar displays, imagery systems, transmitters/receivers, data processing/fusion, microwave, communication, homeland security and ancillary navigation/radar equipment associated with such systems used in support of air, land and sea operations. This three-year contract includes two, one-year options which, if exercised, would bring the total cumulative value of this contract to \$22,369,019. Work will be performed at the contractor's site in San Diego, Calif. The period of performance of the base award is from June 1, 2004 through May 31, 2007. Contract funds will not expire at the end of the current fiscal year. This is a sole source contract award under requirements specified in the Small Business Administration 8(a) Program, recognizing an Alaskan native corporation. The Space and Naval Warfare Systems Center San Diego, Calif. is the contracting activity (N66001-04-D-5024).
