SPAWAR Systems Center San Diego Awards Contract

SAN DIEGO — Science Applications International Corporation, Technology Services Company, of San Diego, Calif., is being awarded a \$10,390,000 indefinite delivery/indefinite quantity-type contract with cost-plus-fixed-fee pricing for life cycle engineering and technical support tasks for the tactical data link systems and related equipment in support of the In-service Engineering Agent, Software Support Activity, and associated technical codes of the Space and Naval Warfare Systems Center, San Diego. This is a two-year contract with three, one-year options, which, if exercised, would bring the cumulative value of this contract to \$26,344,506. Work will be performed at sites in the U.S. (80%), and overseas, including Japan, Italy, Germany, France, Spain (20%), and is expected to be completed by July 22, 2006. If all options are exercised work will continue through July 2009. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured via the Federal Business Opportunities website, and the SPAWAR e-commerce website. Two offers were received. Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-04-D-5007).
