Space & Naval Warfare Systems Center Awards Contract

SAN DIEGO — Darlington Incorporated of Arlington, VA, is being awarded a \$4,005,925 cost-plus-fixed-fee contract for systems engineering and technical support for the Fleet Systems Engineering (FSE) Program. The contract will provide front line emergency support to battle groups that use SPAWAR Internet Protocol (IP) based products. The period of performance for the base period is from 26 July 1999 through 30 September 1999. The contract contains four one-year options which, if exercised, will bring the total cumulative value of the contract to \$54,639,287 (total dollar amount including options). Initially, the contract will be incrementally funded with Operations Maintenance Navy (OM&N) funding in the amount of \$1,308,416. Both OM&N funding, which will expire at the end of FY99, and Other Procurement Navy (OPN) funding, which can be used after FY99, will be used during the contract's period of performance. The work will be performed in Virginia Beach, VA (30%), San Diego, CA (25%), Pearl Harbor, Hawaii (10%), Mayport, Florida (5%), and at Fleet locations worldwide (30%). This contract was competitively procured through the SPAWAR Business Opportunities Electronic Commerce Web site, with two offers received. The Space and Naval Warfare Systems Command, San Diego is the contracting activity (N00039-99-C-3104).
