Space and Naval Warfare Systems Center Awards Contract

SAN DIEGO — Koam Engineering Services, Inc. of San Diego, California, is being awarded a \$14,622,672 Indefinite Delivery Indefinite Quantity type contract with cost-plus-fixed-fee pricing for research and development of advanced simulation, human-systems interface and integration technologies for next-generation command, control, communications, computers, intelligence, surveillance and reconnaissance (C4ISR) systems and command centers. This contract contains no options. Work will be performed in San Diego. The period of performance is from August 20, 1999 to August 19, 2004. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured through a Broad Agency Announcement in the Commerce Business Daily on March 4, 1998, with 19 offers received. Three previous awards (to other firms) have been made based on this announcement. Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-99-D-8634).
