SPAWAR Systems Center San Diego Awards Contract

SAN DIEGO — Science Applications International Corp. (SAIC), San Diego, Calif.; Anteon Corp., Fairfax, Va.; Northrop Grumman Information Technology Defense Mission Systems, Reston, Va.; and Advanced Communication Systems, San Diego, Calif., are being award a combined \$16,000,000 modification to previously awarded indefinite-delivery/indefinite-quantity, cost-plus-fixed-fee pricing multiple-award contracts to exercise options to increase the estimated level of effort of each existing contract by an overall total of 215,520 man-hours for support of the mission-critical Tactical Data Information Exchange System B broadcast family of systems. This includes such systems as the Multi-Mission Advanced Tactical Terminal miniaturized airborne ultra high frequency receiver, Tactical Related Applications, Tactical Information Broadcast Service, Tactical Receive Equipment, and Special Operations Forces Communications suites. The additional work will be competed through individual task orders among the four original awardees. Work will be performed at the contractor facilities in San Diego, Calif., at various other sites, and military facilities worldwide as specified in task orders. Work is expected to be completed by February 2005. Contract funds will not expire at the end of the current fiscal year. The Space and Naval Warfare Systems Center, San Diego, Calif., is the contracting activity (SAIC, N66001-00-D-5042; Anteon, N66001-00-D-5043; Northrop Grumman, N66001-00-D-5044; ACS, N66001-00-D-5045).
